

Below are the heads of each group and an explanation of our main ministries. We would love for you to get involved where the Lord leads you.

Shelly King leads the **Women's Ministry Committee** and its teams. She will work with the pastors to understand how the women's committee can best support them and the church.

shelly.deanne.king@gmail.com.

Pam McCall leads the **Titus 2 Discipleship Ministry** which is a nurturing ministry led by spiritual mothers who encourage and equip their small group of 6-7 ladies to live for the glory of God. Sign up is in December and commitment is for one year. Groups meet once a month to discuss a book focused on Biblical womanhood. Pamssong314@gmail.com

Jessica Johnston organizes our **Women's Discipleship** groups. Two to three women commit to meeting together 12-18 months. At the end of this time, they plan to separate and multiply their one group into many groups. There is no set curriculum, but the Bible is the main source of their study time. They also focus on prayer, accountability, Bible journaling and memory. Jessica can help ladies find partners if needed, but it is also fine to start your own group at any time.

jessijohns21@yahoo.com

Linda Healan organizes and leads **Ladies Bible Studies**. These groups usually last 6-8 weeks, meeting once a week either in the morning or at night. Sign up happens a few weeks before the study starts. Study topics range from things like prayer, a book of the Bible, or a specific Bible passage. mhealan@live.com

Nona Hardy leads the new **Compassion Team**. This team seeks to promote acts of compassion within our church family and our community. They will partner with the men's compassion team and deacons as needed. nthardy@nc.rr.com

Denise Smith is organizing the **Community and Hospitality Team**. This group of ladies will plan various events throughout the year. Events will be intentional and will be designed to foster relationship building, to encourage each other and to lead women to find joy in serving our members, our guests and the community around us. md5smith@aol.com

Communication - Facebook, direct emails and bulletin announcements will be our main forms of communication. If you are not receiving women's emails please contact shelly.deanne.king@gmail.com to get added to that list. Shelly can also help you get added to the Fairview Women's facebook page.
